

Quabbin Regional School District

Bring Your Own Device (BYOD) Agreement

Staff

Purpose:

The Quabbin Regional School District (henceforth referred to as “the district”) may allow staff to use personal technology devices on the districts WiFi network. Staff wishing to participate in BYOD must follow the responsibilities stated in the Acceptable Use Policy as well as the following rules.

Device Types:

For the purpose of this program, the word “device” means a privately owned wireless and/or portable electronic equipment and includes, but is not limited to; laptops, netbooks, tablets/slates, e-readers, and iPods and iPads.

Rules:

1. All staff who wish to use a personally owned electronic device within the districts WiFi network must read and sign this agreement and submit it to the IT department.
2. The staff member takes full responsibility for the device and maintains possession of the device at all times. The district is NOT responsible for the security, care, repair, replacement or any modifications needed to use the device on the WiFi network.
3. The district reserves the right to inspect a personal device at the designation of the Superintendent. Any violations of district policies, administrative procedures, school rules or any misconduct while using the personal device may result in the loss of use of the device in school and/or disciplinary action as outline in the AUP.
4. Personal devices shall be in possession of staff members only and are never intended for student use (no exceptions).
5. Wired network access is NOT permitted. All devices must connect via the BYOD wireless network only.
6. Access to the districts WiFi network by the device may be denied or terminated at any time.

As a staff member I understand and will abide by the Acceptable Use Policy and the BYOD agreement. I further understand that any violation of the above may result in the loss of my network and/or device privileges as well as other disciplinary action.
